"Taylor thought Joe was the one, the man she'd marry and spend the rest of her life with," the source spills.

Taylor & Joe WHAT WENT WRONG?

Never in her wildest dreams! "Once again, Taylor has to pick up the pieces after another failed romance," frets a source.

The end of an era! After six years of dating, Taylor Swift and boyfriend Joe Alwyn have called it quits, a source confirms to *Life & Style*, — and the 32-year-old actor's fear of commitment is to blame. "How long was she supposed to wait for a ring?" the source asks. "All Taylor wanted was for Joe to propose, but he just wouldn't." The pop star's fame also played a factor in their split. "Joe is very shy and never liked all of the attention that came with dating one of the most popular singers in the world," the source notes. "It wasn't Taylor's fault; he never blamed her. He just didn't like having to be on all of the time." Despite their devastating breakup, Taylor is trying her best to shake it off. Days after the news broke, the "Blank Space" beauty, 33, was spotted on April 10 exiting NYC hot spot Via Carota following a dinner with longtime friend and producer Jack Antonoff and his fiancée, Margaret Qualley. "Taylor would never want anyone to feel sorry for her, especially her fans," the source insists. "This is life. People break up. She will survive." As for whether Taylor is ready to start dating again, *Life & Style*'s source says it's far too soon. "This wasn't just some whirlwind romance," shares the source. "Taylor loved Joe with all her heart. It's going to take her a long time to heal." L&S

Coming clean! On *WWHL*, Schwartz told Andy that Sandoval's affair with Raquel was an "open secret."

Sandoval to Schwartz:

ZIP IT!

Tangled timelines! A source says Tom Sandoval was none too pleased when Tom Schwartz went on *Watch What Happens Live with Andy Cohen* to dish about the details of Sandoval's months-long affair with Raquel Leviss. "I learned in August, in late August, about the affair," revealed the *Vanderpump Rules* star, 40, alleging he believed it was a one-night stand at the time. That's when Andy, 54, called out Schwartz — who also said, "Raquel is Tom's heroin" and he's "addicted" — for claiming at the Season 10 reunion that he didn't find out about Sandoval's tryst with Raquel, 28, behind 37-year-old Ariana Madix's back, until January. "Sandoval couldn't believe it," says a source close to the star-tender, 40. "It was truly insane TV and made for an even more insane phone call after. Sandoval told Schwartz to stop talking about him — or else!"

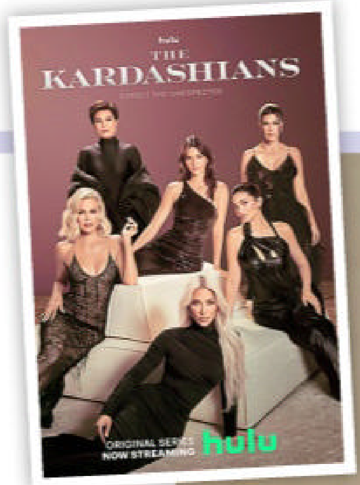
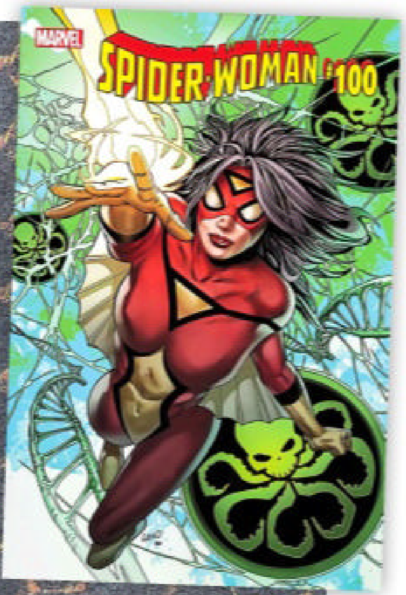
Scott: SHOW ME THE MONEY!



Ka-ching! Scott Disick is getting paid a pretty penny to return for Season 3 of the Kardashians' Hulu series, *Life & Style* has learned. "The fans have spoken, and execs listened," spills a source. "Scott is coming back to make the show exciting and obviously add some much-needed drama." While Kourtney Kardashian, 44, has been vocal about not wanting to share the screen with her 39-year-old ex anymore, momager Kris Jenner, 67, was totally on board with the idea. "She knows what Scott can bring to the table," adds the source. "Bottom line, Scott is getting a hefty paycheck and there's no doubt that he will deliver."

Playing hardball! "Scott learned a lot from Kris," says a second source. "No one should be surprised by the amount he wanted."

Billie's MARVEL DREAMS



Web slinger! In the comic, Spider-Woman, aka Jessica Drew, is a member of the New Avengers.

Happier than ever! According to a source, Billie Eilish is in talks to play Spider-Woman in an upcoming Marvel film after making her acting debut in the psychological thriller series *Swarm*. "Billie jokes that she's been bitten by the acting bug," says the source. While the 21-year-old singer — who, as a child raised by two actors, has always dreamed of being in a movie — received rave reviews for her portrayal of a creepy cult leader on the Amazon show, the competition for the role of Spider-Woman will be fierce. "Many actresses in Hollywood, who have been doing this a lot longer than Billie has, would kill to land that part. It's bound to be a blockbuster," notes the source. "Nothing's official yet, but if Billie gets it, this will put her on a new level."

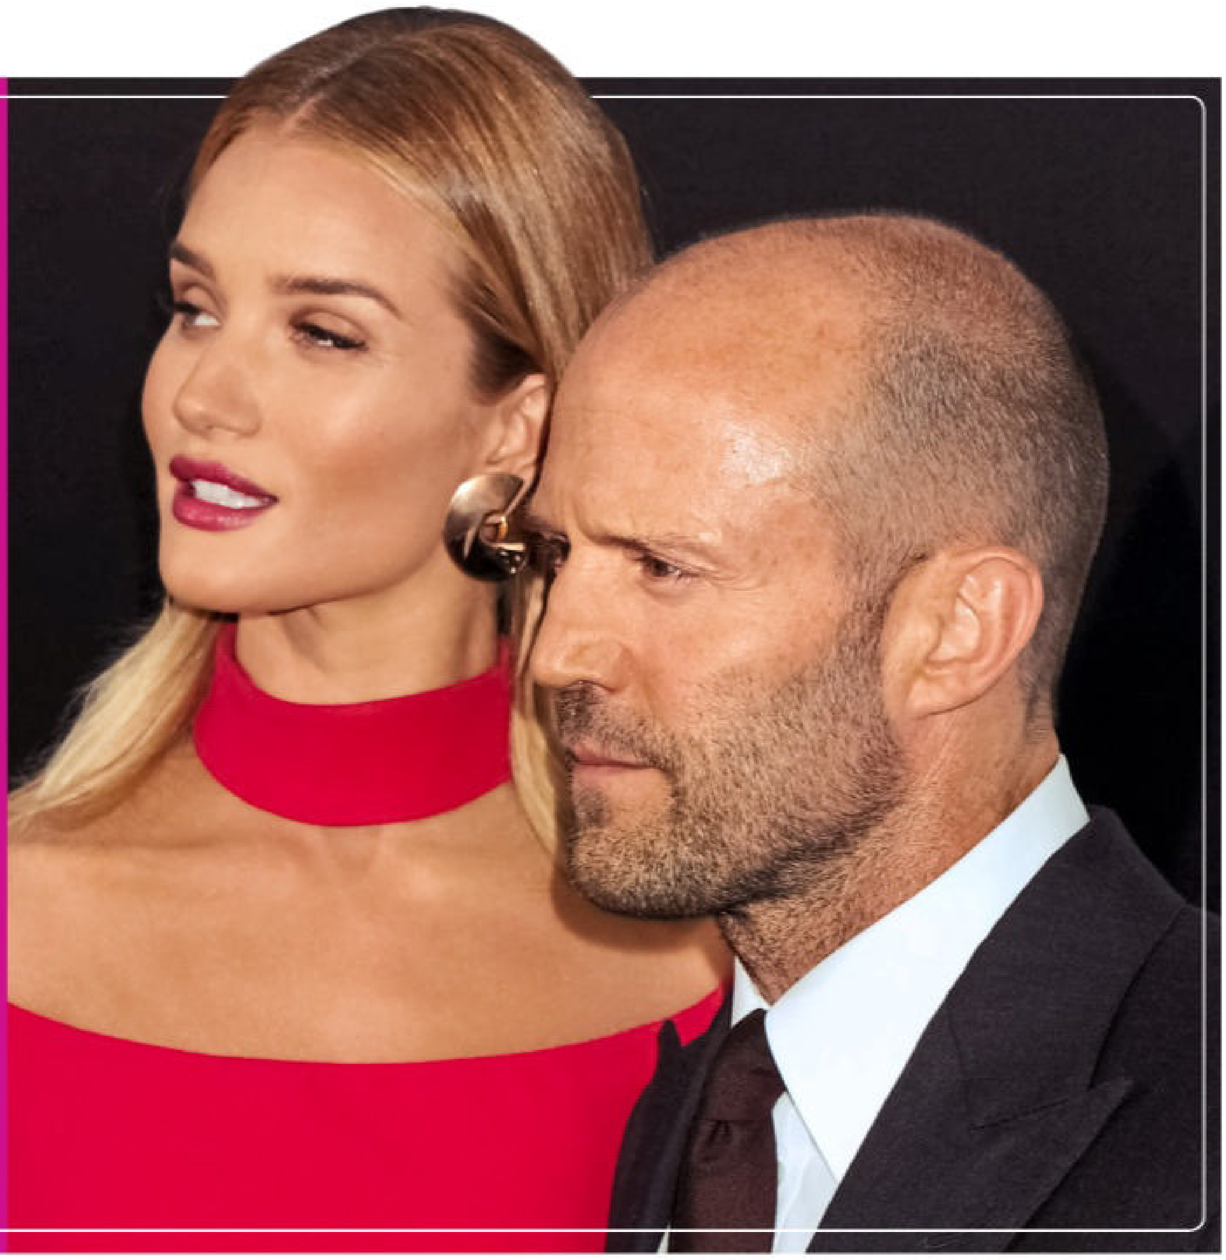
"Love evolves," William recently said, "and both people have to evolve with it."

Felicity & William
ON THE ROCKS

Things aren't looking good for William H. Macy and Felicity Huffman's 25-year marriage. A source says the *Shameless* star, 73, and the Desperate Housewife, 60, have hit a rough patch and there is a buildup of issues that are contributing to their marital woes. "Things haven't been the same since the college admissions scandal," the source tells *Life & Style*. "The romance has vanished. Their sex life is practically nonexistent." When the couple, who were last photographed together in December, do find time for date nights, "Felicity often feels like she's the one doing all the organizing — weekend getaways, dinners at local restaurants and whatnot," says the source. "William will tag along, and they'll make small talk, but communication is strained." And now that their daughters, Sophia, 22, and Georgia, 21, have left the nest, "it's starting to hit home how little they have in common," the source notes. "Felicity is obsessed with making her comeback and is trying to get William involved, but he has his own stuff going on. If they don't figure out things soon, they could be headed for divorce. They're hanging on by a thread."

United no more? William stood by Felicity's side when she was sentenced to two weeks in prison back in 2019.



Rosie's MARRIAGE ULTIMATUM

They've been engaged for seven years and welcomed their second child in January, but a source says Rosie Huntington-Whiteley and Jason Statham are no closer to setting a date. "Rosie's putting pressure on Jason to give her a dream wedding," blabs the source. "She's been leaving bridal websites open on her laptop and magazines on the coffee table, hoping Jason will get the hint." But whenever the former Victoria's Secret model, 36, brings up marriage, says the source, the *Fast & Furious* star, 55, changes the subject. "Rosie is growing increasingly impatient and has basically given Jason an ultimatum," the source reveals. "If he doesn't make a full-blown commitment soon, she'll walk."

Kylie & Timothée SECRETLY DATING?!

New couple alert! Rumors are swirling that Kylie Jenner is dating Timothée Chalamet after splitting from rapper boyfriend Travis Scott. The newly single reality star, 25, was seen chatting with the actor, 27, in January at Paris Fashion Week. "Timothée has been pursuing Kylie for a few months now, and he's made it clear he wants to seriously date her," says a source. "She's not going to rush into anything, but she's giving him a shot." While things between Kylie and Travis, 31, are "always so on and off," admits the source, "this time it really seems like Kylie is going to stand strong in the breakup. Getting all this attention from Timothée has certainly been a huge help."

The Coronation of Their Majesties
KING CHARLES III & QUEEN CAMILLA
By Command of The King
the Earl Marshal is directed to invite

to be present at the Abbey Church of
Westminster on the 6th day of May 2023
Norfolk

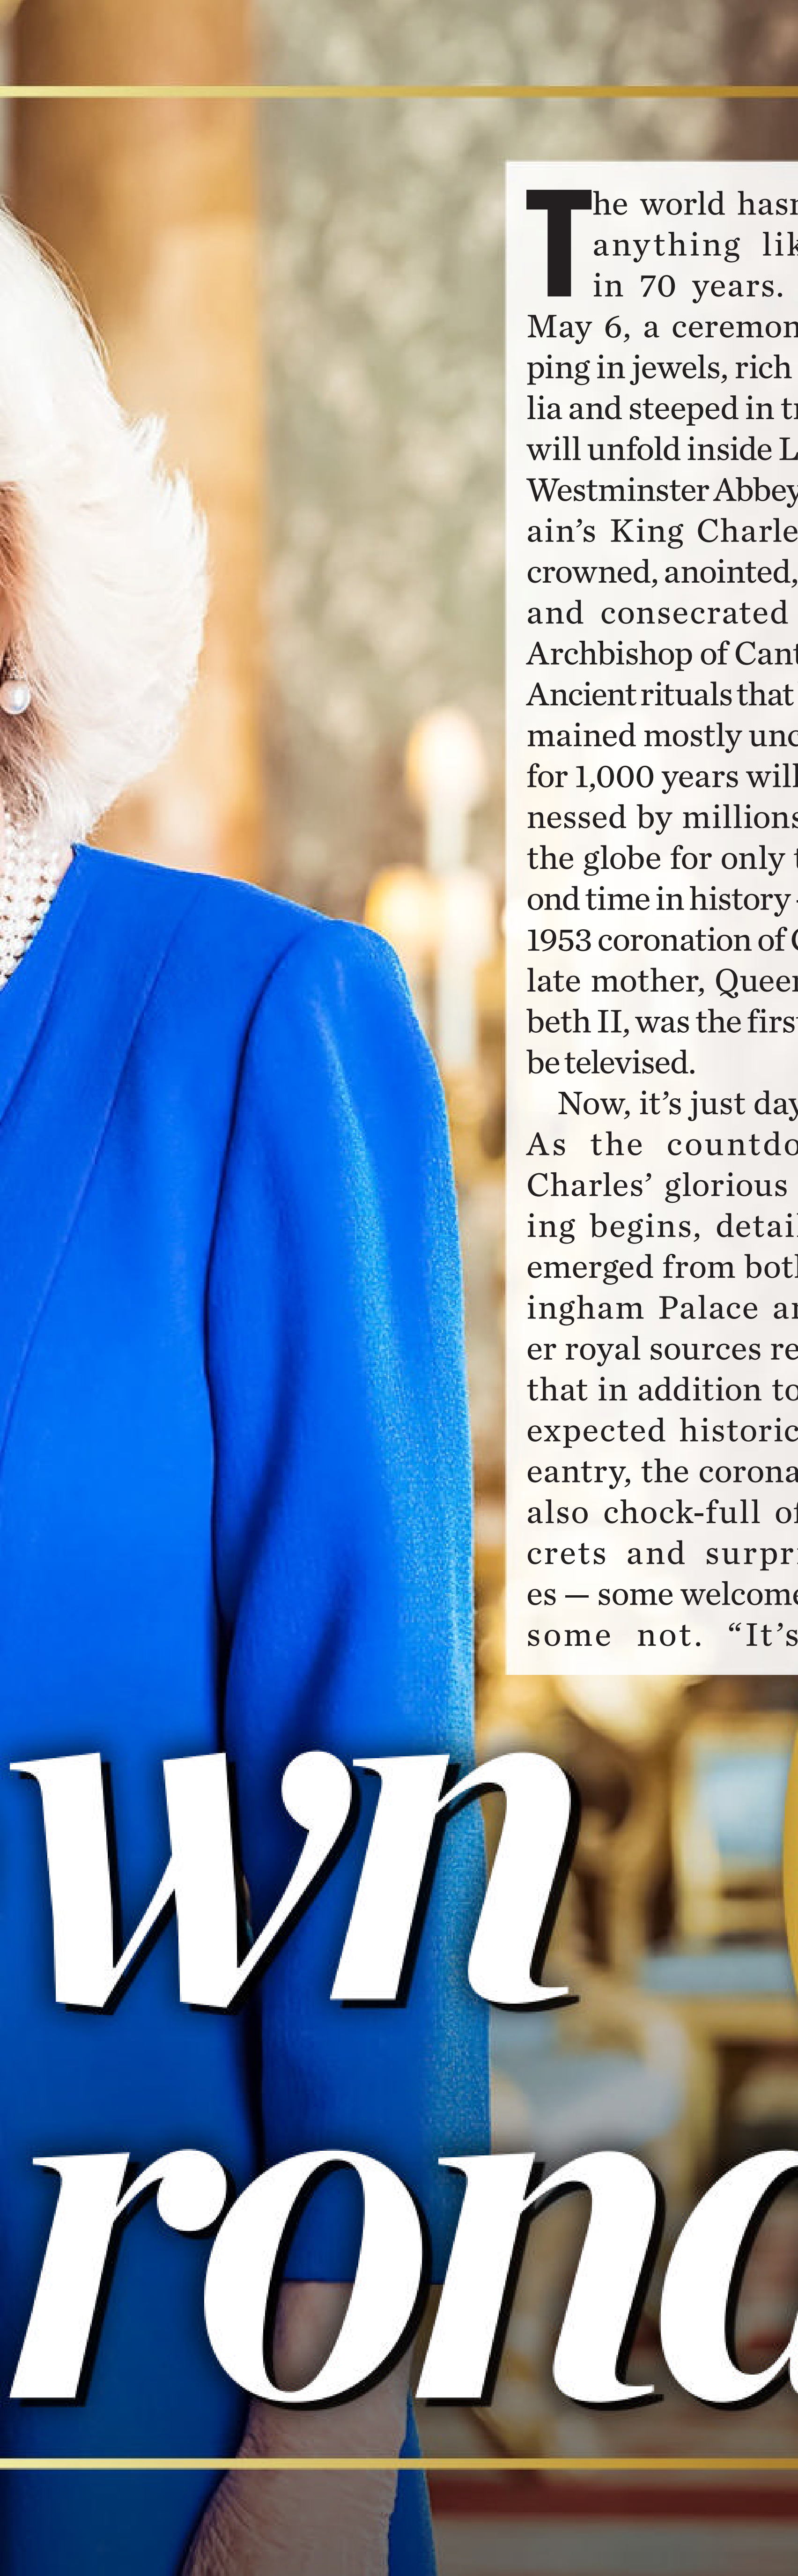
Party of the Century

An official invite has gone out for Charles and Camilla's crowning in London. But according to the palace, thousands of other celebrations are expected to be thrown throughout the United Kingdom.

Countdo to Co

King Charles III's official crowning ceremony has turned into a celebration rife with secrets, surprises and snubs

wn ronation!



The world hasn't seen anything like this in 70 years. But on May 6, a ceremony dripping in jewels, rich in regalia and steeped in tradition will unfold inside London's Westminster Abbey as Britain's King Charles III is crowned, anointed, blessed and consecrated by the Archbishop of Canterbury. Ancient rituals that have remained mostly unchanged for 1,000 years will be witnessed by millions across the globe for only the second time in history — as the 1953 coronation of Charles' late mother, Queen Elizabeth II, was the first to ever be televised.

Now, it's just days away. As the countdown to Charles' glorious crowning begins, details have emerged from both Buckingham Palace and other royal sources revealing that in addition to all the expected historical pageantry, the coronation is also chock-full of secrets and surprises — some welcome, some not. "It's meant to be a celebration, and it will be," says a palace source, "but there has also been drama behind the scenes."

A SHOCK COMPROMISE

One of the biggest questions that had courtiers speculating for months concerned Prince Harry. After years of bad blood, plus his recent jaw-dropping revelations about the royal family's behavior in his memoir, *Spare*, would Charles' youngest son attend with his family? On April 12, the Duke and Duchess of Sussex answered: Harry, 38, is going to his father's coronation — but wife Meghan Markle, 41, is not and instead will "remain in California with Prince Archie and Princess Lilibet," the palace announced in a statement (see sidebar).

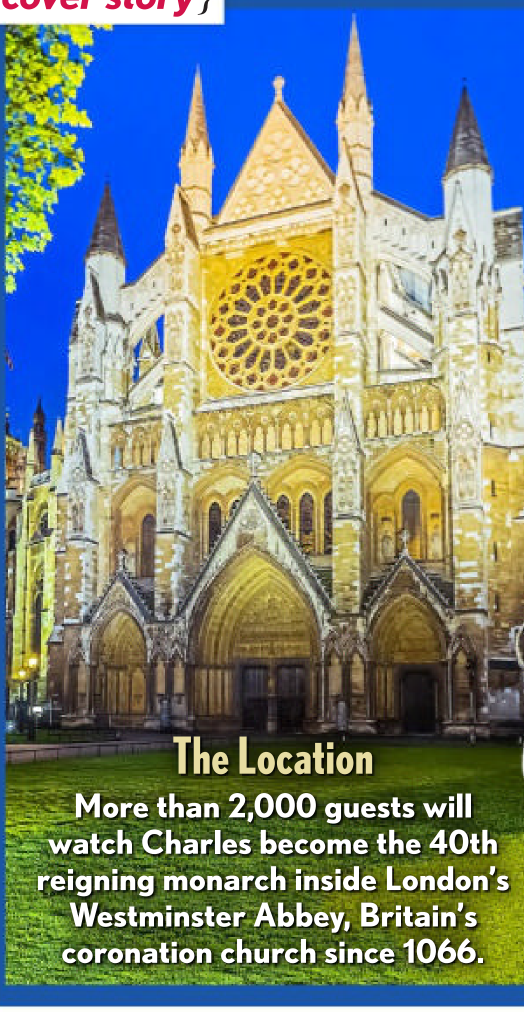
The decision has sparked mixed feelings. "Charles invited Meghan to the coronation. It was somewhat of an olive branch after the damage she and Harry have caused with their tell-alls," says the source. "And what did he get in return? A slap in the face. Meghan is snubbing the invite." It's hit a nerve with Charles, 74, as well as son Prince William's wife, Kate Middleton, 40, whom the Sussexes have also accused of bad behavior. "She thinks Meghan is sending a message to Charles!" says the source. "And it's a rude message."

Perhaps even more surprising, however, is Harry's role in his dad's big day. William, 40, as heir, has a key

Family Revelry

The late queen banned Harry from appearing on the Buckingham Palace balcony during special events following his 2020 move to America. "Charles, however, wants to do things differently," claims a source, "and have him present on Coronation Day."

All the Regal Details!

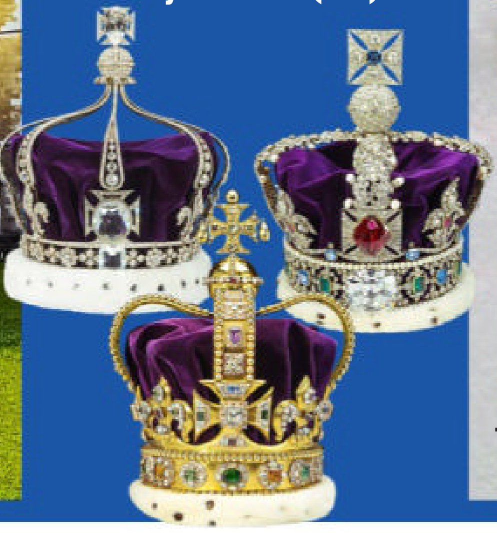


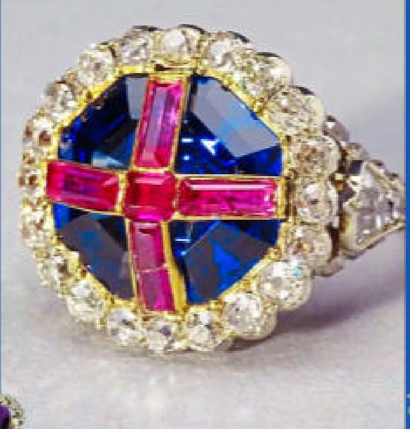
The Location

More than 2,000 guests will watch Charles become the 40th reigning monarch inside London's Westminster Abbey, Britain's coronation church since 1066.

The Crowns

Charles will be crowned with St. Edward's Crown (bottom) then switch to the lighter Imperial State Crown (right). Camilla will wear the revamped Queen Mary's Crown (left).



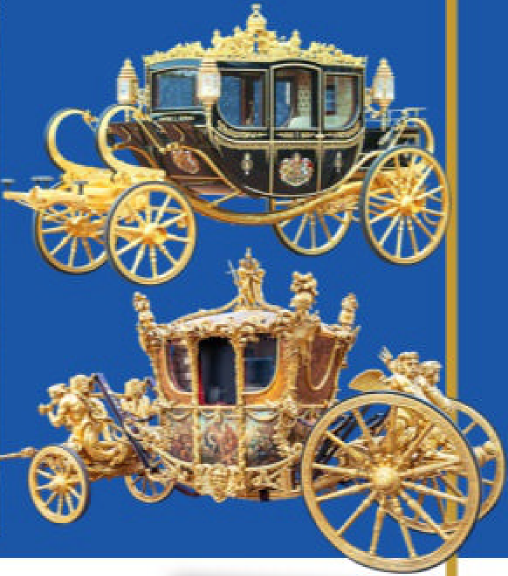


The Ring

The sapphire, ruby and diamond Sovereign's Ring, originally made for William IV's 1831 coronation, is placed on the king's hand after he's anointed with holy oil.

The Carriages

Their Majesties will roll from Buckingham Palace to the Abbey in the Diamond Jubilee State Coach and return in the 260-year-old Gold State Coach.



place in the Abbey events — and so will his son, Prince George, 9, who's serving as one of Charles' "pages of honour." (Charles' mistress turned wife, Queen Consort Camilla, 75, will also have pages attending her, including her grandsons from her first marriage.) Though Harry is only expected to observe the coronation ceremony, says the source, "he was invited to be on the balcony at Buckingham Palace afterward with the rest of the family."

Kate will be front and center on Coronation Day, too. "Charles is giving her a special role that's being kept top secret. Camilla was blindsided. The news didn't go down well, and Kate and Camilla have been bickering nonstop about it," spills the source, explaining that the women "have a love-hate relationship. Camilla is jealous because Kate's more popular and was beloved by the late queen."

Camilla is now eager to send a message, says the source, as the palace unveils the newly updated crown jewels: Her crown (see above) is being reset with diamonds that were part of the late queen's personal collection. Says the source: "It's meant to imply she had Elizabeth's favor."

THE GUEST LIST

Unfortunately for Charles, Meghan's not the only big name who's staying away. While the source says David and Victoria Beckham and actors Daniel Craig and Hugh Grant are attending — as are royals from the U.K., Monaco, Spain, Sweden, Denmark, Japan and Greece — U.S. President Joe Biden declined. And a slew of big-name performers, including Adele, Harry Styles, Elton John, the Spice Girls and Ed Sheeran, reportedly turned down offers to perform at Charles' coronation concert at Windsor Castle on May 7, leaving rumored singers Bette Midler and Lionel Richie to take the stage instead.

But Charles and Camilla are determined to enjoy their big day no matter what. "Ultimately, the coronation is all about celebrating and coming together," says the source. "There's been enough drama already — no one wants any more."

Why Meghan's *Really* Skipping the Ceremony

Charles' Coronation Day is Archie's 4th birthday, as well. Meghan plans to celebrate it with her son and daughter Lilibet, 22 months, because "she doesn't want to be where she's not wanted," explains a source, who says Meghan also "still wants an apology from Harry's family for how they treated her." Instead of family bonding time, Harry "hopes to visit friends while he's in London," adds the source, noting that includes ex Cressida Bonas, 34, who recently had her first baby with her new husband. "They run in the same circles."

Get the Amish “Secret” of Looking Beautiful

Amish women keep it natural. They do not put anything on their face that can be noticed. Everything is to be subtle and natural looking.

So how does one enhance their natural beauty without applying something that others notice as being make-up?

The trick is using a more natural face balm, which reduces the appearance of fine lines and wrinkles, filling in where necessary while evening out facial tones and nourishing the skin with natural moisturizers.

Since the creation of this face balm, women have more room on their cosmetics shelf and more money to spend on other things.

Beauty breakthrough: Women everywhere are finding out that being beautiful doesn’t mean a lot of make-up. Amish Naturals Face Balm not only enhances one’s own beauty it effectively replaces moisturizers, primers and foundations.. More beautiful and you save money too!

How is that possible? Because this face balm replaces moisturizer, primer, and foundation. It also evens out skin tone, covers flaws and protects skin from the sun.

Can one product really do all that? Yes, it can and does, because of the carefully selected ingredients that go into it. Here are several of the key ingredients found in our Amish Naturals Face Balm.

Tocopherol Acetate (TA), a form of vitamin E, naturally protects against sun damage as it conditions the skin

This ingredient has major healing and skin conditioning powers. TA creates a barrier on the skin, which reduces water loss and improves healing. This is a workhorse ingredient that not only prevents damage to the skin, but can also heal blemishes.

Glyceryl Stearate is present naturally in the body. It can easily soak into and be absorbed by the skin. It also offers protection from destructive solar rays. It lubricates the skin, which reduces water loss, adding to its moisturizing effects. This gives the skin a softer appearance.

Aloe Vera is a plant well known for its healing powers. Many double-blind studies show that aloe is a valuable remedy for psoriasis and other skin conditions, which when mixed with another product, provides healing. The studies also found that applying aloe to the skin improves its overall health and reduces the appearance of wrinkles.

Deionized Water is purified by chemical filtering using which sticks to and then removes minerals such as copper, calcium, iron, and chloride. Most cosmetic and skincare products contain water, but with different levels of purity. Deionized water is about four times cleaner than distilled water, making it the best choice for combining with ingredients that are absorbed into the skin.

Caprylyl glycol is a plant-based fatty acid found in palm oil, coconut oil, and the milk of the mammals. The addition of this ingredient to a skin care product has many benefits including moisturizing and. reducing the appearance of wrinkles, fine lines, and flaws. Plus it gives the skin a velvety feel.

Rubus Idaeus is an edible red raspberry that grows in Europe, northern Asia and the northeast U.S. Many studies show that the oil from the red raspberry plant, has strong germ fighting qualities that assist healthy cell growth, and help prevent eczema and rashes. This ingredient also has extraordinary power for hydrating the face and body, and anti-aging facial treatment.

Dr. Recommended: “I highly recommend this product. Ingredients used in this BB cream are rated safe, healthy and Eco - friendly. It is enriched with peptides, Fruit Extracts + Vitamin A and E many more which may work together to nourish and provide exceptional antioxidant protection. It is gentle formula for healthy skin and glowing fairness, dermatologically tested, and suitable for all skin types.” -Dr. Harpreet Dhanoa

Amish Naturals Face Balm comes in a 50ml easy to use pump. And a little of the Face Balm goes a long way.

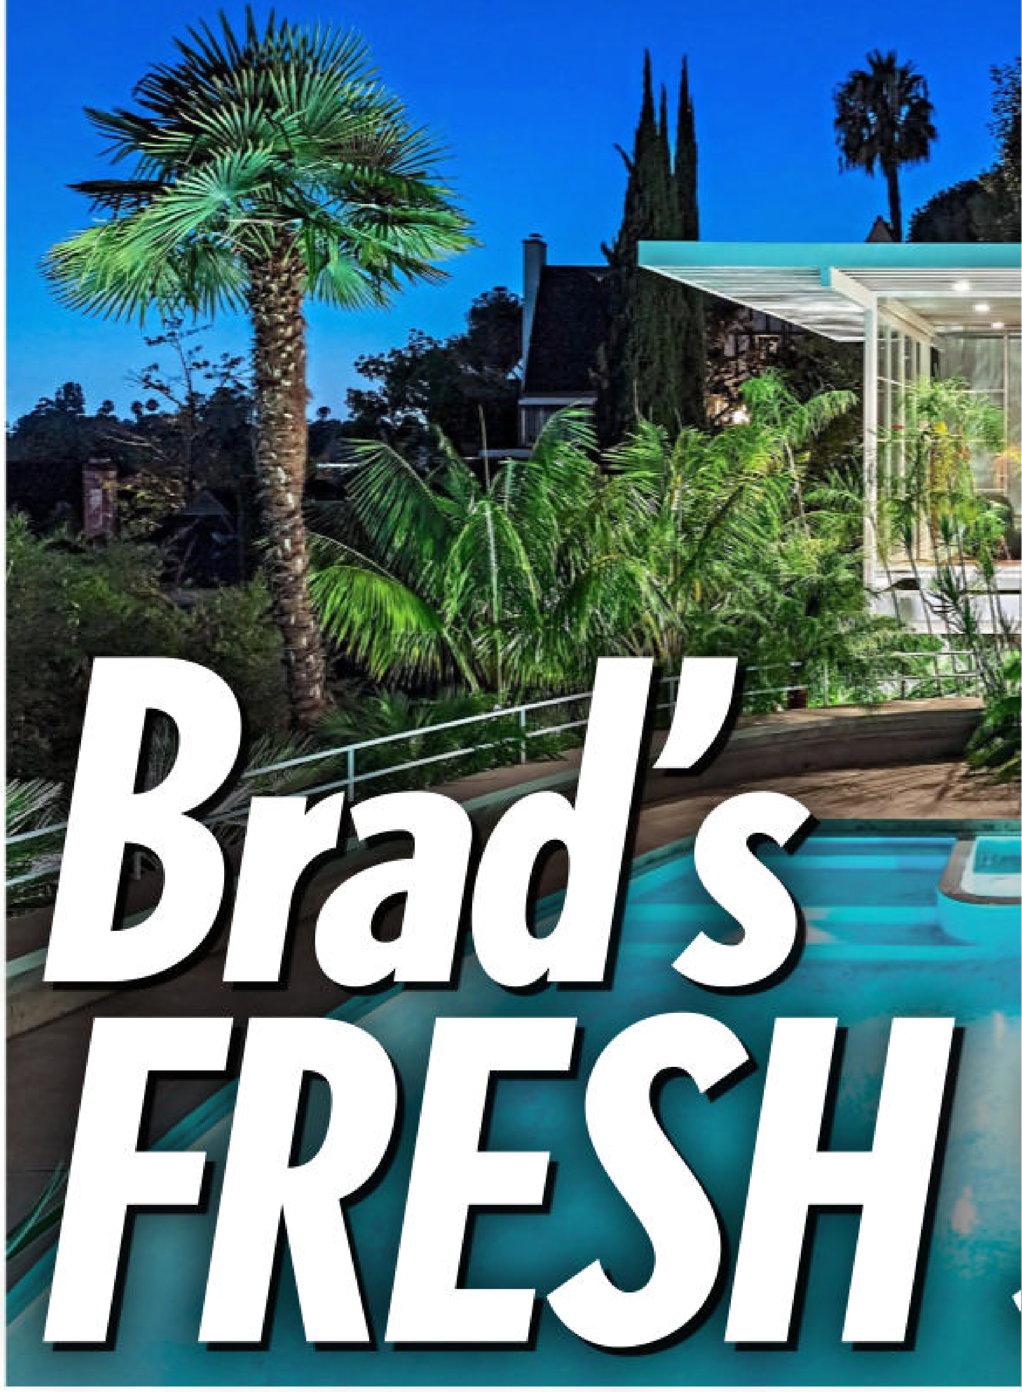
Happy Together

"Ines is fun, fabulous and feisty," shares a source. "The conversation between her and Brad just flows — and their physical chemistry is off the charts!"



Brad's FRESH

After selling his former marital home, Brad Pitt focuses on a future alongside Ines de Ramon!

Call it a mansion swap. Brad Pitt sold his sprawling LA compound to oil heiress Aileen Getty for a staggering $33 million — and then bought her nearby $5.5 million home. Known as "The Steel House," Brad's new pad is a glass mid-century gem that no doubt appealed to the architecture buff, 59, but with just three bedrooms and a smidge over 2,000 square feet, it's certainly a downsize from his previous estate, which boasted five separate buildings (totaling 15,600 square feet of living space) on two acres, as well as two swimming pools, multiple gardens and a skate park.

All the extra luxuries made more sense when the *Bullet Train* star was living there with ex-wife Angelina Jolie, 47, and their six kids: Maddox, 21, Pax, 19, Zahara, 18, Shiloh, 16, and twins Knox and Vivienne, 14. But now he's finally moving on with girlfriend Ines de Ramon — and a pared-down love nest was in order. "Brad is excited to be starting fresh," says an insider. "He'd barely been staying in his former home because there was so much bad history

Mid-Century Marvel!

Brad's latest pad got a recent retro update, restoring it to its '60s glory. "It's the perfect place for him and Ines to begin their lives together," says a second source.

there. It was the home he shared with Angelina, and he'd had it completely renovated for the children and their passions and hobbies. He is ready to create new memories in a new place with Ines."

LEADING LADY

The actor reportedly met his jewelry designer gal pal, 32, through mutual friends in November, but things have already gotten serious with the two globe-hopping together and socializing with his famous friends. "Brad says the last five months have been a whirlwind," shares a source. "He's calling Ines his soulmate. They've moved fast."

There's opportunity to accelerate the relationship even more after her estranged hubby, *Vampire Diaries* star Paul Wesley, 40, finally filed for divorce in February. "Brad has been giving Ines advice on the process," adds a second source. "Of course, he's been there himself before — twice."

In fact, Brad is entering year seven of his custody battle with Angie. (They were both legally declared single in 2019.) "When the kids are with Brad, he and Ines keep things casual," says the insider, noting Shiloh and Viv often spend the weekend. "She's met the children, but also gives him space to spend time with them alone."

Soon, she'll be around a lot more often, though. Says the insider: "Ines will likely be moving in with Brad permanently!"

IS ANGIE STARTING A CLOTHING LINE?

According to reports, Angelina is looking to add clothing designer to her résumé. The *Eternals* actress applied to trademark "Atelier Jolie" in May 2022 and seemingly has plans to launch a clothing, fashion accessories and jewelry line. While Angie collaborated on a bauble collection — Style of Jolie — with Robert Procop years ago, her latest style foray could provide some competition for Brad. In 2019, the actor started his own label, God's True Cashmere, which offers snuggly 100-percent cashmere pieces with hefty price tags. A shirt like the one he's wearing here goes for $2,250!

WITH THE TWI

Million Dollar Baby star Hilary Swank is finding her motherhood groove

Easter 2023 was sweet for Hilary Swank — and not just because of the obligatory Peeps and candy eggs. On April 9, the Oscar winner, 48, announced that she and husband of four years Philip Schneider had welcomed their twins. "It wasn't easy," she wrote on Instagram alongside a photo of herself cradling the newborns. "But boy (and girl!) was it worth it."

Hilary added that she was "posting from pure Heaven." Her personal paradise? An insider says it's been a whirlwind of cuddles, feedings every two to four hours, crying, diaper changes and afternoon catnaps. "She has dreamed of this, and it's better than she even expected," the insider tells *Life & Style*. "Hilary is loving every minute, even the sleepless nights. Philip has been wonderful, too. He's so hands-on and

helps with everything, including the laundry. They're a tag team, and they have to be. Having two babies to care for at once is a lot of work!"

DREAM COME TRUE

Hilary had been open about her desire to have kids. "This is something that I've been wanting for a long time," she noted in October when revealing her "miracle" pregnancy on *Good Morning America*. "I can't believe it."

Over the past few months, Hilary's regularly shared pictures and videos of her growing bump and pregnancy workouts. So it was no surprise when legions of fans and A-list friends — including Mariska Hargitay, Kate Hudson, Lindsay Lohan, Viola Davis, Sharon Stone and Katie Couric — offered their congrats online upon news of her little ones' arrival. But it might be a while before she can get back to them.

"Hilary is savoring this time to bond with the babies," says the insider. "She knows she will need to hire extra help when she goes back to work, but for now, she's doing everything herself with Philip."

No amount of prep work could have fully prepared Hilary and Philip, 45, a venture capitalist whom the divorcée met on a blind date. "They are amazed how fast they're going through diapers and outfits," says the insider, "and how many loads of laundry need doing."

Still, the first days home with the twins have been nothing but bliss for Hilary, according to the insider: "Her favorite times are the quiet moments when she's cuddling the babies in her arms, they've been fed, changed and are just hanging out with Mom." L&S
